

My FMC Portal will Help You Manage Your Health and Wellness by Keeping you Connected

My FMC Portal offers patients a secure environment to perform functions related to their healthcare. This application allows patients and their families to play a more active role in managing their health and wellness. My FMC Portal also allows FMC staff to appropriately access their records.

To Access Your Information:

1. Register With an Invitation Email

To activate your My FMC Portal account after a visit, procedure or test, simply click the personalized link in your secure invitation email from Fairfield Medical Center and follow the prompts.

2. Secure Email

The secure email invitation will expire after 90 days. Click on the link in the email and fill in the following information:

- Your Date of Birth
- Last Four of your social security number
- Agree to the terms

3. Creating your Account

- After you verify your identity you will be able to create your account by entering information into the fields. All fields are required.
- Click the *I agree to the Cerner Health Use and Terms*
- Once your account is created you will be able to login to your My FMC Portal account to view your health information

Download the HealthLife app

Get your My FMC Portal on the go.
